# **Policy on Feedback Mechanism**

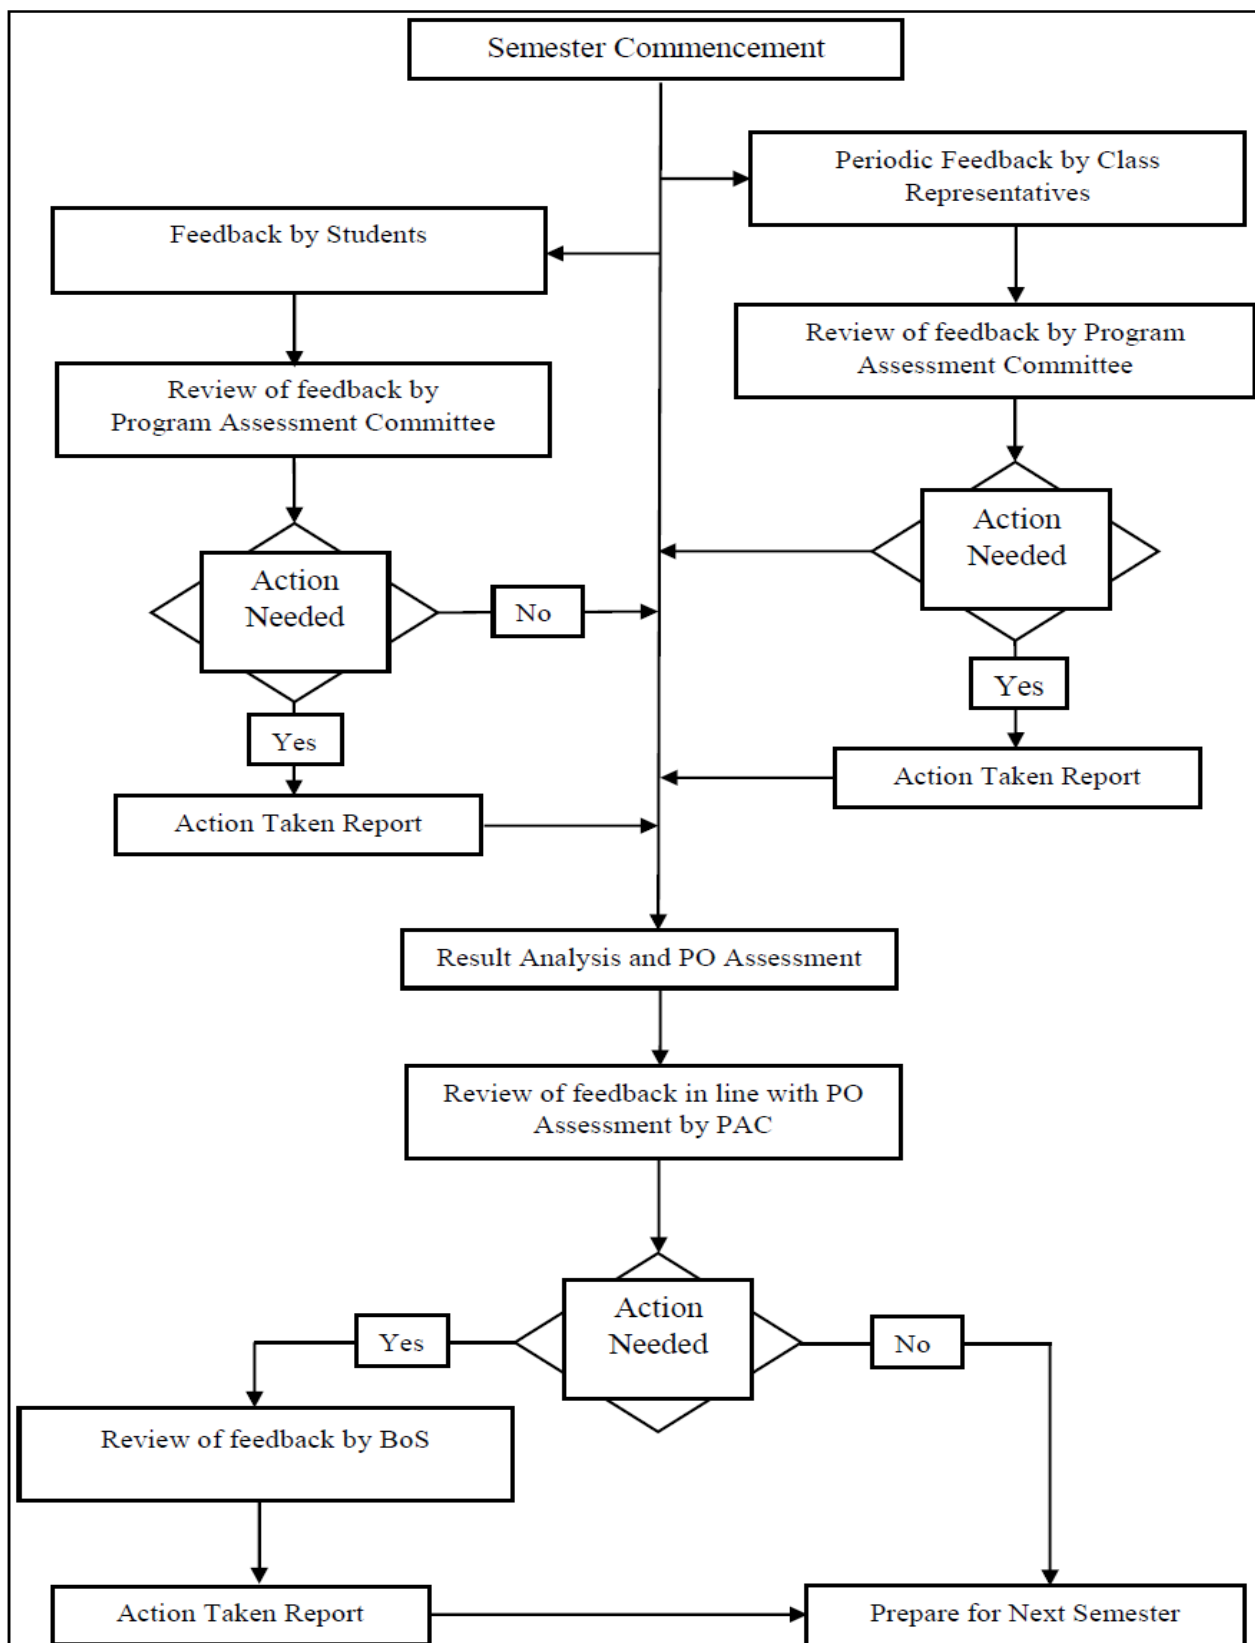

## **Feedback policy mechanism:**

In every department, collecting feedback and corrective actions happen all through the academic year. Every class has two representatives; one boy and one girl. Every working day; the representatives fill a Class Monitoring Sheet (CMS) which collects information on class work engagement by faculty, topics covered, and student absenteeism. The CMSs are reviewed by Department Academic Coordinator on a routine basis. Deviations from scheduled class work is discussed with concerned faculty and corrective actions are suggested to respective faculty members. Every four weeks, the class representatives are invited to give their feedback on teaching learning process and shortfalls if any addressed accordingly by the Department.

Twice every semester, all students are invited to give online feedback on Institution's intranet website. The online website collects information on seventeen different aspects of teaching and the student's learning experience. The software used to collect student feedback analyzes the student responses and rates the subject's learning process on 0-5 scale. Teaching and learning performance above 4.0 is treated as satisfactory. Faculty of subject with student feedback score below 3.5 are counselled at Department level by Head of the Department along with other senior faculty members.

Every year, just before graduation, the Department collects Exit Feedback from all outgoing students. A variety of questions are asked on PO achievement levels and other aspects of the four-year program as perceived by students. The data collected through exit feedback is summarized, analyzed and critically reviewed by Program Assessment Committee. The Committee makes necessary recommendations on how to achieve better outcomes year-on-year.

In addition to feedback from students, every faculty member gives a Self-Appraisal Report to the Head of the Department one month before increment is due. The report consists of data like academic performance, outcome achievement, research progress, interaction with industry, counselling/guidance and engagement in life-long learning. The Department Program Assessment Committee reviews the Self-Appraisal Reports and faculty with lower levels of performance are referred to BoS for recommendations on further corrective measures. The feedback analysis process is shown in Fig.1.

## Part-III

The B.Tech- Computer Science and Engineering Programme in AITAM is expected to make students achieve program outcomes, how do you rate yourself in having achieved these expected outcomes?

The rating: **1 =Poor; 2 = Average ; 3= Satisfactory; 4=Very Good; 5=Excellent**

PO	Programme Outcomes	Your Achievement Level
1	PO1. Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.	<input type="radio"/> 1 <input type="radio"/> 2 <input type="radio"/> 3 <input type="radio"/> 4 <input type="radio"/> 5

## Policy for Student Feedback

The policy followed by the Electrical & Electronics Engineering for the student feedback is defined in the ensuing sections.

### Feedback Objective

The main objective of the student feedback is to assess the efficacy of the teaching learning process delivered and the student perspective on the availability & sufficiency of the Infrastructural and learning resources for possible corrective / remedial action. The course exit feedback is to assess the attainment of the course outcomes from the student perspective. The Program exit feedback concentrates on the assessment of the attainments of the program outcomes by the students.

### Frequency and Type of Feedback

The student feedback shall be sought thrice every semester and once at the end of the program. The following table details the chronology in which the feedback is sought from the students

Feedback No.	Timing of Feedback	Type of Feedback
Feedback 1	Two weeks after the commencement of course work	Online
Feedback 2	Two weeks after the first mid examination	Online
Course Exit Feedback	After the completion of the course work	Online
Program Exit Feedback	After the completion of eighth semester	Online

In addition to this feedback shall also be sought from a group of class representatives twice every semester.

## **Feedback assessment parameters**

The feedback shall be sought to assess the level of satisfaction of the student on the following parameters

- Course Orientation
- Refreshment of prerequisites
- Elucidation of Course Objectives and outcomes
- Compatibility of Lesson plan to Course Delivery
- Compatibility of Assignments to learning objectives
- Adequacy of Tutorials
- Classroom Environment
- Level of Interaction
- Faculty's Tolerance to disagreement
- Faculty's Compliance to Timetable
- Faculty's Clarity & Audibility
- Usage of Modern tools
- Faculty's Adjudication of Internals (Partial or impartial)
- Overall level of Satisfaction on a course

In addition, the student is also provided with a blank text box in the online feedback form to facilitate the feedback on any other issue which is not covered by the above parameters.

## **Feedback Assessment**

The students shall provide their feedback anonymously through an online feedback form for each and every course (both theory and laboratory courses) on the parameters mentioned in the preceding section. Each parameter is rated on a scale of five. The feedback by all the students is consolidated and final rating point for each course on a scale of five is arrived at based on weighted averages. The feedback on each and every course is mailed to the respective course coordinators.

## **Feedback Analysis**

The department academic committee shall analyze the feedback and identifies the courses with low rating. Any course with feedback rating point less than four is identified as the one which needs immediate corrective action in terms of course delivery. The committee then identifies the lowly rated parameter

## **Action based on Feedback**

The Department academic committee then summons the faculty with low rating point and discusses the feedback analysis and the observations made thereby. The committee counsels the faculty, makes to understand their rationale on the reasons for low rating and suggest the possible remedial action. The faculty then addresses the students on these aspects and explains the corrective measures to be implemented henceforth. If same low rating is continued for the second feedback also, then the faculty is suggested to attend a refresher course or an NPTEL course which may help improve the course delivery mechanism.

## **FEED BACK ANALYSIS & ACTION TAKEN REPORT**

I, \_\_\_\_\_ working as Assistant/Associate Professor in the Department of \_\_\_\_\_ dealing with the delivery of course for I / II / III / IV Year I / II Semester Mechanical Engineering students for the academic year \_\_\_\_\_ - \_\_\_\_\_, am appraised of the feedback given by the students. Upon critical analysis of the feedback along-with HoD, and senior members of the Department, I have received some really helpful and constructive inputs to enhance my course delivery mechanism.

The following are the aspects of delivery mechanism discussed

#### Analysis Made:

It was identified that some core engineering subjects were tough for the students to understand without proper explanation of applications with examples. Some weak Students found it difficult to understand the concepts as they are lagging in basics and good students have asked for more examples and more problem solving. Some tough concepts may be explained by PPTs.

#### Actions taken :

It was suggested to explain the students in a easily understandable manner. Faculty may take help of E- Class rooms for usage of PPTs and videos. Faculty were asked to divide the weak and good students while teaching some concepts. Weak students have to be given extra time for making students understand. It is also suggested to cover syllabus in time with proper solving.

It was identified that some faculty are teaching in slow manner the voice is not audible to students. Some core subjects are observed that they are not being covered in time as they are problem solving with some engineering concepts. Due to which faculty are teaching in fast manner so as to cover the syllabus in time.

#### Actions taken :

It was suggested that faculty must take time to cover the syllabus by taking extra classes and spend sufficient time to make students understand the concepts. Also faculty were suggested to teach the concepts taking the help of different smart teaching aids like E-Class rooms, Practical based teaching etc so as to ensure students understanding capabilities and finish syllabus in time.

### B.Tech - Feedback Analysis Report

Academic year 2020-2021

#### *Analysis Made:*

It was identified that some core engineering subjects were tough for the students to understand without proper explanation of applications with examples. Some weak Students found it difficult to understand the concepts as they are lagging in basics and good students have asked for more examples and more problem solving. Some tough concepts may be explained by PPTs.

#### *Actions taken :*

It was suggested to explain the students in a easily understandable manner. Faculty may take help of E-Class rooms for usage of PPTs and videos. Faculty were asked to divide the weak and good students while teaching some concepts. Weak students have to be given extra time for making students understand. It is also suggested to cover syllabus in time with proper solving.

#### *Analysis Made:*

It was identified that some faculty are teaching in slow manner the voice is not audible to students. Some core subjects are observed that they are not being covered in time as they are problem solving with some engineering analytical concepts. Due to which faculty are teaching in fast manner so as to cover the syllabus in time.

#### *Actions taken :*

It was suggested that faculty must take time to cover the syllabus by taking extra classes and spend sufficient time to make students understand the concepts. Also faculty were suggested to teach the concepts taking the help of different smart teaching aids like E-Class rooms, Practical based teaching etc so as to ensure students understanding capabilities and finish syllabus in time.

## YEAR & SEMESTER: I-I

**Section:** ECE- A

**Subject:** Linear Algebra & Calculus **Name of the faculty:** Smt. K.Lakshmi**Comments:**

1. Excellent Teaching
2. Very good teaching
3. Your teaching is excellent
4. Good
5. She has cleared all doubts with examples
6. satisfied with your teaching madam
7. Some delay in syllabus coverage.
8. U r way of teaching only good
9. Madam Taking extra time
10. Need to be improve
11. Excellent
12. Superb teaching skills
13. Nice teaching
14. Superb teaching skills
15. Good explanation for our doubts

**YEAR & SEMESTER: I-I**

**Section:** ECE -A

**Subject:** ELECTRONICS 1

**Name of the faculty:** Dr. M. Jaya Manmadha Rao

***Key Comments:***

1. Not able to understand some topics
2. More explanation is required.
3. Not understanding the way, he teaches to us
4. We cannot understand clearly your topics
5. Sir u r very fast

***HOD And Panel recommendations:***

1. Given suggestions to explain concepts in slow and study manner.
2. Given suggestions to explain concepts with example.

**YEAR & SEMESTER: I-LVIII**

**Section:** ECE- C

**Subject:** ENGLISH

**Name of the faculty:** Sri. K. PRAKASAM

***Key Comments:***

1. Sir teaches very fast.
2. Syllabus not covered in time.

***HOD and Panel recommendations:***

1. Given suggestions to explain concepts in slow and study manner.
2. Given suggestions to complete syllabus in time.

**YEAR & SEMESTER: I-II**

**Section:** ECE-B

**Subject:** Environmental Studies **Name of the faculty:** Sri. K.S.Biswal **Key Comments:**

1. Syllabus not completed in time.
2. Require slow explanation sir.
3. We want more theoretical explanations sir.

***HOD and Panel recommendations:***

1. Given suggestions to cover syllabus in time.
2. Given suggestions to conduct tutorial classes with more examples

**YEAR & SEMESTER: I-II**

**Section:** ECE-A

**Subject:** Engineering Graphics & Design

**Name of the faculty:** Sri Y. Sagar

***Key Comments:***

1. Clear explanation is required.
2. Average teaching.
3. More graphical examples needed

***HOD and Panel recommendations:***

1. Give suggestions to explain concepts in clear and understanding way.
2. Give suggestions to explain concepts with example.

**YEAR & SEMESTER: II-I**

**Section:** ECE-C

**Subject:** CVSM

**Name of the faculty:** Dr. M.V. Ratnamani

***Key Comments:***

1. Need to provide better methods of concepts with applications
2. Please explain problems also
3. Nice explanation

***HOD And Panel recommendations:***

1. Given suggestions to explain concepts with better Teaching methodology.
2. Given suggestions to conduct tutorial classes and increase problem solving

**YEAR & SEMESTER: II-LXII**

**Section:** ECE-C

**Subject:** PPS

**Name of the faculty:** Sri P. RamKishor

***Key Comments:***

1. Please explain sample programs also
2. Nice explanation

***HOD And Panel recommendations:***

1. Given suggestions to explain programs with better Teaching methodology.
2. Given suggestions to conduct tutorial classes and increase programming skills

**YEAR & SEMESTER: II-LXIII**

**Section:** ECE-A

**Subject:** PDC

**Name of the faculty:** Sri P.V. Muralidhar

***Key Comments:***

1. Syllabus is not completed in time.
2. We want more explanation sir.
3. PI explain with ppts

***HOD And Panel recommendations:***

1. Given suggestions to cover syllabus in time and use E Class rooms
2. Given suggestions to explain concept with better examples.

**YEAR & SEMESTER: II-II**

**Section:** ECE-C

**Subject:** Analog Communications

**Name of the faculty:** Dr. G. Sateesh Kumar

***Key Comments:***

1. Clear explanation is required.
2. Please explain more problems.
3. Syllabus not covered in time

***HOD And Panel recommendations:***

1. Suggestion given to conduct tutorial classes before mid-exams.
2. Suggested to make students understand the topic and plan to complete syllabus in time

**YEAR & SEMESTER: III-I**

**Section:** ECE-A

**Subject:** Digital Communications

**Name of the faculty:** Sri. Y. Srinivasa Rao

***Key Comments:***

1. Sir, please repeat the topics before exams
2. Slow teaching.
3. Good but he need to raise the voice and he need to upload the notes

***HOD and Panel recommendations:***

1. Suggestion given to conduct tutorial classes before internal exams or after completion of topics.
2. Suggested to provide lecture material in mail to students
3. Suggested to make students understand the topic by increasing the voice in class

**YEAR & SEMESTER: III-I**

**Section:** ECE-B

**Subject:** Linear and Digital IC Applications **Name of the faculty:** Dr. K. Chithambara Rao

Comments:

1. clear explanation is required.
2. Please explain more problems.
3. Syllabus not covered in time

**HOD and Panel recommendations:**

1. Suggestion given to conduct tutorial classes before mid-exams.
2. Suggested to make students understand the topic and plan to complete syllabus in time

**YEAR & SEMESTER: III-II**

**Section:** ECE-A

**Subject:** Digital Signal Processing **Name of the faculty:** Sri A. Rajesh **Key Comments:**

1. Very speed explanation sir.
2. Syllabus coverage not in time.
3. Good in teaching

**HOD and Panel recommendations:**

1. Suggested to explain the topic in slow and study manner.
2. Suggestion given to complete syllabus in time.

**YEAR & SEMESTER: IV-1**

**Section:** ECE-C

**Subject:** Satellite Communications **Name of the faculty:** Sri. A. Jaya Laxmi **Key Comments:**

1. Explanation needs some pdfs madam we are unable to understand.
2. Voice is not clear
3. PPTs with diagrams required

**HOD and Panel recommendations:**

1. Suggested to explain some topics with power point presentation.
2. Suggested to make students understand the topic by increasing the voice in class
3. Suggested to provide lecture material in mail to students

**YEAR & SEMESTER: IV-I**

**Section:** ECE-B

**Subject:** Microwave Engineering **Name of the faculty:** Sri.R. Kranthi**Key Comments:**

1. Very fast explanation.
2. We need some more explanation madam
3. More problems with more examples required

**HOD and Panel recommendations:**

1. Suggested to explain the topic in slow and study manner.
2. Suggested to make students understand the topic by proper explanation with examples

**YEAR & SEMESTER: IV-II**

**Section:** ECE-B

**Subject:** Radar Engineering

**Name of the faculty:** Sri P. Krishna Rao

***Key Comments:***

1. Your voice is very slow sir.
2. Very fast teaching and not able to understand the voice sir

***HOD and Panel recommendations:***

1. Suggested to make students understand the topic by increasing the voice in class.
2. Suggested to explain the topic in slow and study manner.

## Feedback Summary Report

The feed back is collected for all the concerned subjects from the students , out of which two subjects from each semester is taken for feedback analysis report . the semester wise comments from students are taken and HOD/panel recommendations suggested were drafted

The summary report is as follows year wise:

### *Analysis Made:*

It was identified that students are facing problem in understanding class as the concerned faculty is teaching fast and students not able to grasp the topics. It was observed that some subject is not covered in time. Students being new to engineering are finding it little difficult to cope up with some subjects.

### *Actions taken:*

It was suggested to explain the concepts in slow and steady manner with proper examples. Faculties were asked to cover the syllabus in time by taking extra possible classes. As the students are from first year, faculties were asked to teach them slowly so that they can understand.

### *Analysis Made:*

It was identified that some faculty are teaching in slow manner the voice is not audible to students. Some core subjects are observed that they are not being covered in time as they are problem solving with some engineering analytical concepts. Due to which faculty are teaching in fast manner so as to cover the syllabus in time.

### *Actions taken:*

It was suggested that faculty must take time to cover the syllabus by taking extra classes and spend sufficient time to make students understand the concepts. Also faculty were suggested to teach the concepts taking the help of different smart teaching aids like E-Class rooms, Practical based teaching etc so as to ensure students understanding capabilities and finish syllabus in time.

## Department of Electrical Engineering B.Tech – Feedback Analysis Report Academic Year: 2020-21

**Year & Semester** : I-I

**Section** : EEE-A

**Name of the Subject** : Linear Algebra & Calculus

**Name of the Course Instructor** : Sri P.Suryanarayana

**Comments:**

1. Excellent teaching
2. Excellent teaching
3. Excellent
4. Good in teaching
5. Cool and good in teaching
6. Excellent teaching in our college
7. Excellent Explanation
8. Good teaching class
9. Everything is good
10. Way of teaching is excellent
11. Excellent teaching and explain very clearly
12. Everything is good

## **Department of Electrical Engineering B.Tech – Feedback Analysis Report Academic Year: 2020-21**

### ***Analysis Made:***

It was identified that students are facing problem to understand some subjects due to low voice, fast teaching and lack of interaction. It was observed that some subject is not covered in time. Students being new to engineering stream are facing little difficulty to understand some subjects.

### ***Actions taken:***

It was suggested to explain the concepts in slow manner with more relevant examples. Faculty were asked to cover the syllabus in time by taking extra possible classes. As the students are from first year, faculty were asked to teach them slowly with more explanation and doubts clarification by interaction so that they can understand the concepts easily.

### **B.Tech – Feedback Analysis Report**

### **Academic Year: 2020-21**

#### **Analysis Made:**

It was identified that some core engineering subjects were complicated for the students to understand without proper explanation of applications with examples. Some weak Students found it difficult to understand the concepts due to lack of basics and good students are expecting more real time examples and more problem solving.

#### ***Actions taken:***

It was suggested the faculty to provide more explanation of tough concepts in slow pace manner. Faculty may take help of E-Class rooms for usage of PPTs and videos. Faculty were asked to identify the weak and good students while teaching some concepts. Weak students have to be given extra time for making students to understand typical concepts.

## Department of MBA

### MBA - Feedback Analysis

### Report Academic year 2020-2021

### Feedback Summary Report

The feedback is collected for all the concerned subjects from the students, out of which two subjects from each semester are taken for feedback analysis report. These semesterwise comments from students are taken and HOD/panel recommendations suggested were drafted

The summary report is as follows year wise:

#### Year: MBA I-I

S.no	Faculty Name	Department	Subject	Average Points (out of 100)	Grade
1	Dr.K.Venugopal	MBA	Management Theory And Organizational Behaviour	90.51	Excellent
2	Dr.Saumendra Das	MBA	Managerial Economics	82.30	Good
3	Dr.B.Balaram	MBA	Financial Statement Analysis and Reporting	80.88	Good
4	Smt.D.Pranaya	MBA	Business Communication: Theory & Practice	88.88	Excellent
5	Dr.C.P.Patnaik	MBA	Indian Economy and Business Environment	80.40	Good
6	Dr.A.Lakshmana Rao	MBA	Quantitative Techniques For Business Decisions	79.95	Good
7	Dr.B.Siva Kumar	MBA	Legal Environment of Business and Indian Ethos	80.58	Good
8	Smt.N.Shailaja	MBA	Business Communication Lab	79.87	Good

#### **Analysis Made:**

It was identified that some of the students were facing problems in understanding class for certain classes and concerned faculty is teaching with PPTs continuously where the students were not able to grasp the topics. It was also observed that the faculty are not that interactive. Students being new to management subjects are finding it little difficult to cope-up with some subjects.

#### **Actions taken:**

It was suggested to explain the concepts by using different methods with proper examples. Faculty were asked to teach the syllabus with case studies and gamifications. As the students are from first year, faculty were asked to teach them slowly so that they can understand.

06	Dr. SAUMENDRA DAS	MBA	GHRM	96.25%	EXCELLENT
07	Smt. D.PRANAYA	MBA	PFM	85.37%	Good

#### **Analysis Made:**

It was identified that students faced certain problems associated with the method of teaching, practical orientation, application and project work issues. Some subject were taught fast and skipped certain topics also. Online methods used by the faculty also brought some difficulties to the students in the way of poor participation and involvement and interaction.

#### **Action taken:**

It was suggested to explain the concepts in slow and steady manner with proper examples. Faculty were asked to cover the syllabus in time by taking extra possible classes. Repetitive sessions may be taken for the students who need certain clarifications about the subjects. Problematic part should be taught well through online.
